About Synthetic & Art Silk Mills' Research Association

The Synthetic & Art Silk Mills' Research Association (SASMIRA), an approved body under the Ministry of Textiles, Government of India, was established on 12th January 1950 under Registration No. 2505 of 1949-1950, granted under the Societies Act XXI of 1860. It is a cooperative venture established by the Man-Made Textile Industry of India after independence as a multi-functional institute dedicated to serving the scientific and technological needs of the textile sector.

About Sasmira's Institute of Commerce & Science

Sasmira Institute of Commerce & Science (SICS) is an initiative established in 2016 under the guidance of its parent body, SASMIRA, with the objective of imparting quality education in the fields of Commerce and Science. SICS strives to uphold the vision of SASMIRA by providing affordable and quality education while continuously expanding its academic horizons to position the institution among global leaders in higher education. The institute is committed to delivering excellence in education through experienced faculty members who effectively integrate advanced theoretical knowledge with practical applications, ensuring holistic learning and industry readiness for students.
